Learning Objectives (All Met):

1. To raise awareness in the public – including businesses, health care providers, first responders, law enforcement, education, and faith-based communities – about preparedness plans and activities in Washington County.
2. To ensure all aspects of the community are brought together to understand and have input to the plan for a coordinated preparedness plan in the event of a pandemic disease.
3. To educated the participants about the declaration of a public health emergency, including but not limited to, isolation and quarantine regulations.

Target Audiences NOT in Attendance:

- Mental Health Representative
- Funeral Directors
- Long Term Care Facilities
- Medical Supply Providers
- Motel and Restaurant Associations
- Private Schools

- Iron County School District
- Public Water and Utility Administrators
- Rehab Facilities
- Transportation Companies
- Veterinarians

UNIS (Utah Notification and Information System) registrations completed: 48

Objectives of the Respective 5 Groups:

MEDICAL	<ol style="list-style-type: none"> 1. Communication 2. Employee education – family and personal preparedness 3. Practice disaster plan – have a drill
PRIVATE BUSINESS	<ol style="list-style-type: none"> 1. Educate business leader about preparedness 2. Educate employee’s about personal preparedness 3. Identify how businesses would function in a pandemic situation.
COMMUNITY, VOLUNTEER AND FAITH-BASED	<ol style="list-style-type: none"> 1. Communication with community, each other, within our neighborhoods, within our organizations. 2. Education families on preparedness. 3. Interfaith committee planning.
EDUCATION	<ol style="list-style-type: none"> 1. Communication – how to reach and inform students, need contact info. Use radio system for preparedness info. 2. Educate about self-responsibility 3. SUU – plan when to stay or when to go. 4. Set up a risk management committee – use Miss SUU Jill Stevens, student rep. faculty rep, Wellness Center, Nursing Department
ELECTED OFFICIALS	<ol style="list-style-type: none"> 1. Communication to public – community awareness 2. Surveillance – share information of what is happening 3. Add Pandemic Flu info to public web sites. 4. Personal preparedness for first responders.

Good Ideas Generated:

1. Interfaith councils to focus on preparedness. LDS church to teach other faiths on preparedness issues.
2. Plan a Medical Triage Summit to educate medical community on Pandemic Triage.

Concerns:

1. Help for smaller communities.
2. Vaccine for everyone, with triage by highest priority (first responders, health care workers, etc.)
3. Medical community needs to meet and plan triage plans for Iron County.
